1. On the 2nd floor, there is a room that opens into the public hallway. This room has a sliding window in it – it looks like a check-in window. The door into that room faces south.
 - a. Does it need a window treatment?
 - YES.
 - b. Do the other doors and windows in that room need window treatments?
 - The other doors/windows in that room do NOT need window treatments.
2. On the 2nd floor, the “AV” room (conference room to the North West) – does that door need a black-out window treatment?
 - Black-out window treatment is not required on the door.
3. On the 1st floor does the interior door to the room on the northwest corner (the break room) need a window treatment?
 - NO, the interior door does not need a window treatment.
