CD-ROM Index

Effective January 1, 2023, the court will cease the production of a CD-ROM available for purchase containing an index of Criminal and Civil cases.

California Rules of Court, rule 2.503(g) states, "The court may provide bulk distribution of only its electronic records of a calendar, register of actions, and index. "Bulk distribution" means distribution of all, or a significant subset, of the court's electronic records."

Customers seeking case information can access the court's public [Portal](#) and search for court case information. The public Portal displays a register of actions for non-confidential or non-sealed cases in the following case types: Civil, Criminal, Family Law, Probate, Small Claims, and Traffic. The process for requesting copies of court records will remain as per current practice (submitted electronically, via postal mail, or in person) [see court's [website](#)].
